

# Residents of Canal # 1

26 May 2022  
Mr. Parsram  
Executive Director  
EPA  
Ganges Street  
Prashad Nagar  
Georgetown

Dear Mr. Parsram

RE: Call the EIA and EIS of the gas-to-energy project

We the residents of Canal#1, an area through which the proposed pipeline runs, were not consulted at any time before the submissions of the EIA and EIS for the gas-to-energy project. This is a fundamental breach of our rights and those under Environmental Protections Act s.11(9) along with a breach of the principles of internationally recognized consultations practices.

We hereby call on the EPA to suspend the sixty days period and nullify said EIA and EIS for the gas-to-energy project until consultations about the proposed pipeline are conducted.

Yours sincerely,

*Mark Gohn*
